Atmosphere, pressure of, 364
Aurora Borealis, 28
Architecture, rural and ornamental, 3
Ashes and their value, 115; leached, 364
August, work for, 359
Ayrshire stock, 44; do. Cow, 147 150

—B—

Bacon, cured without smoke, 140
Barley, ashes, &c., 149
Bee House, the, 180
Beds-drink Apple, 363
Berkshire Ag. Soc. Report, 240
Hogs, 27
Birds, on, 315
Blight, an east wind, 193; new theory on, 264 300; an effect, 99 292; and seedling, 308 316
Boiler, a wooden one, 367
Bones, to dissolve by steam, 195 327
Books, agricultural, book farming, 252
Bommer N. Y. Manure Co., 44
Boring trees, 147
Boston Cultivator, 296
Breast-pinie versus Collar, 67
Breeding back, on, 34; in and in, 220 252
Buckwheat, culture of, 219
Bugs, destruction of, 187
Buildings, paper roofs for, 300
Bureau of agriculture, 268
Butter, the color of, 371; making, 396

—C—

Cabbage Lice, on, 268
Calf, a Down East, 30; large, 171 196 140; fatting, 147
Camellia Japonica, 180
Canker worm, 292 371
Capoming, on, 367
Carbonic gas, 132 140; and copperas, 268; and ammonia, 227
Castor oil plant, 347
Caterpillars, 172 196
Cattle, protection for, 67; on weighing while feeding, 20; feed and dry fodder, 356; cutting food for, 243; imported, 240; short horn, 179
Cheese making, 324
Cheverfield large hogs, 20
Chicken raising, 268
Chinese wool fowl, 340
Chlorform, application of to animals, 307; and its uses, 316
Cholera, the peach, 11
Churns, Atmospheric, 228
Cistern water, 236 260
Close feeding, 3 20
Clover turned in as dressing, 59
Cohmeal, nature of, 139 236
Cochin China fowl, 291
Colonizing, on, 12
Compost manures, 3; on applying, 155
Composting, 126 275 284; and top-dressing, 51 87; the final, 339
Concord ploughing match, 332
Conservatory ice house, 284
Convention of fowl breeders, 323 324 332 339 340 355 356 372; of fruit growers, 324; New Hampshire State, 360
Coping of stone walls, 163
Corn cobs, 315 347; meal, 268
Corn fodder, 19; and pumpkins for cows, 91 156; green for soiling, 60; planting and results, 404
Correspondents, answers to, 52
Cosset lambs, 300
Cow, a good one, 116 219; the old red, 196; on milking the, 136
Cranberry crop, 308; culture of, 108 116 262 283 340; and manure, 92; market for, 292; from seed, 124; upland, 356
Crawford's early peach, 315
Cream pot cattle, 99
Cream, specific gravity of, 251
Crops, comparative value of, 4 28 54; state of, 368; account of and enquiries, 395
Crow, let him live, 236
Cucumbers, large, 276
Culture, high, and close planting, 211 268; of the earth, proper depth for, 260
Curculio, 116 155

—D—

Dam, the best, 252
Dairy products, 364
Daisy, white, value of, 164
Deity, the wisdom of, 148
Delaware little sister, 60
Devon cattle, 92; ox, 403
District societies, 379
Domestic fowl, essay on, 251 259 267 275 291 299 340 348
Dover Town society, 28
Draining 11 27 145 303 371 404
Dressing, top and bottom, 307
Drought, the, 236 244 252
Durham, short horns, 107

—E—

Eggs, Cochin China fowl, 140; large, 168; to preserve 292 307 331, hens eating their, 347; price of, 404
Essex Co. Ag. Soc., 316
Exhibitions, argument for, 332

—F—

Facts, not sermons, 75
Farm, Col. Phinney's, 164; cottage, 131 395; credit due to, 19; large, 252; management of, 51 59
Farmer, the, 315; ambition and enterprise, 148; education of, 364; happy old, 188; try experiments, 132
Farming, theory of, 4; profits on, 107; a trade, 3 92
Farms, small, versus large, 212
Feed, cutting for cattle, 388 403
Fencing, cottage, 11 36
Firewood, preparation and care of, 52
Flouring mills, improvement on, 180
Fodder on sandy land, 68
Foot-rot in sheep, 163
Forest trees, on planting, 51
Founder of the horse, 339 356
Fowls, their purity, 339 364; best breed of, 299; Cochin China, 108; and Curassow, 267; domestic, 332; essay on, 59 82 395; Dorking, 108 212 228; diseases amongst, 132 147; Golden Pheasant and Poland, 299 348 355; Malay, 292 324; Plymouth Rock, 344 367; breeder's Convention, 356; meadow grass, 292
Fruit trees, 172; and fruits, 124; budding of, 228; on planting, 115 116 188; native culture of, 349; specimens of, 363; for the north, list of, 100 140 371; artificial modelling, 44
Furrows on an acre, 155

—G—

Gardens, cottage, 12 180; the kitchen, 156; farm, 155; ancient, 171
Gas question, the, 363; carbonic, 195 251; fugitive, 164 179 212 300; volatile, 123; to fix, 228; question, review of, 335; and other things, 219.
Going west, 163
Gooseberry, mildew on, 188; its culture, 68
Grain, preservation of, 315
Grape, culture of, 19 99; to prune, 284; Longworth on the, 332
Grass seeds, sowing, 188; laying to, 259
Green crops, on turning in, 248
Green house or conservatory, 59
Guano, use of, 291
Gun factory, waste from, 164
Gypsum, or plaster Paris, 84

—H—

Hanover Ag. Fair, 316
Hay, aftermath, 276
Hens, 124; the old Yankee, 387; the Wild Indian, 307; profit and management, 67
Henery, the, 91
Hill, manuring in the, 284
Hints, seasonable, 91 323
Hoeing, 196
Hog, the Chester Co., 11; improved, 123; Essex breed, 33 323; large, 52 99
Hog manure, 52
Honey dew, 311
Horse, the foundered, 28 51 60 84 91 100 123 139 156 171 188 292 307; heaves in, 212 219; hoof contracted, 163; vicious, 188 228 324 395; warts on, 291 307 324; observations on, 236; to catch, 276; Royal Morgan, 116; Tam O'Shanter, 164; Power, Woodbury's, 220 251 268; rake, 27
Hot beds, to construct, 99
Hovey's corn-stalk cutter, 179
Houses, painting of, 244
Housewive's duties, 340

—I—

Ice conservatory, 292
Implements, farming, 235
Improved system of management, 67
Information wanted, muck, 251
Insects, to destroy, 228

—K—

Kilham hill apple, 355

—L—

Labor, the day for, 324
Lactometer and Curculio, 267
Lampas in horses, 276
Larch, American, 148
Last words, more, 187
Latest, the wire fence, 220
Leached ashes, 339
Ley, soap boilers', 187
Lice on calves, 195 212
Life and death, 364
Lime from gas works, 19; and plaster for manure, 36 107

—M—

Manure, 45 91 172 188 196 219 332; ammoniacal, 259; application of, 67 107 115 131 140 163 179 187 211 236; artificial, 148; Bommer, 195; how to cook, 227; importance of, 244 268; liquid, 363; materials for, 172; surface, 164; sustaining principle, 259; and stretches in sheep, 155
Marl as a manure, 379
Merino mania, 315
Meteorology, 43
Middlesex Co. Ag. Soc., 316
Milking, operation of, 196; eloquence on a milking stool, 260
Milkmen, address to, 124
Milk-pans, glass, 243; test, the, 195; milkweeds, 251 340 388
Millet, 172 180; and buckwheat, 173; for fowls, 331; and meinosses, 196
Mistake rectified, 388
Molasses as food for cattle, 179 196
Moonshine, brilliant, 268
Mortar, old, 124
Mowing Machine, Ketchum's, 116
Muck, application of, 363; and marl, 251

—N—

Needham Ag. Soc. in, 4
Neurotomy, or Nerving, 12 244 267
Newcastle Co. (Del.) Ag. Soc., 356
New Haven Ag. Soc., 268
New Year's day, 4
Norfolk Co. Ag. Soc., 12 32 36 44 308
November, work for, 348 363

—O—

Oak, culture of, 124
Oat, the potato, 300
Obituary, late Elias Phinney, 300
Onion, the potato, 132
Osage orange, 90 403
Ox, the Devon, 91; skeleton of, 211; Illinois, 99
Oyster shells for manure, 172

—P—

Palma Christi, or castor oil plant, 371
Parsnip culture, 99
Pasture old, to renew, 292 307
Peach trees, 27 212; budded on plum stock, 116; curl in, 28 75 227 236 244; Late Heath, 339; pruning, 36 108; worm in, 292
Pear, the Dix, 347; on the shad bush, 20 220 308; on apple stock, 153 123; remarks on growth, 283
Peru, a surrejoinder to, 331
Pickles, preserved, 275
Piggery, plan of, 59
Pigs, first litter of, 59
Planting close, 163 179 187 196 211 228 235 245
Plants and poisons, 19 91 108 123 132 136; on feeding, 313
Plaister of Paris, 36 226
Plough, the Bartlett, 11 45 59 123 316 331 332 339 404; how shall we, 403
Ploughing deep, 267; correct, 75; and manuring, 108; season, 292; with pulley, 299
Plum, Imperial Gage, 307
Pork raising, 67
Potato, culture of, 75 82 92 100 115 139 380; close planting, 163; from seed, 91 243; manure for, 51 355; hilling, 371 395; seed cutting, 355; on corn crop, 321; rot on the, 44 107 331 396
Pomological Convention of N. America, 140
Poultry raising, 12 283 284; conservatory for, 356; exhibition of, 388; scenes in yard, 264 380 387 395; and farming, 403
Premiums, best mode of offering, 91 107; non-award of, 393 404
Prepared guano, 100
Provender, mixed, 275
Pulverization, on, 36

—Q—

Quince, on the thorn, 124; and honey bees, 186

—R—

Rain water cisterns, 368
Rain, hydraulic. Douglass's, 139
Raspberry, Franconia, 347 364
Rats, to destroy, 220 228
Real life, scenes from, 212
Reason in all things, 388
Reflection, a trifle for, 212
Rensaller Co. Ag. Soc., 324
Rents, high, 131
Replies and explanations, 275
Report of Fowl Breeder's Convention, 380 396; on Farmer's Clubs, 403
Re-seeding on the back, 283 249
Rich, to grow without labor, 35
Ridge culture, 27
Rocks, pyritiferous, 252
Roller, the use of, 116
Roofs for manure heaps, 139; mortar, covering for, 116; cement for, 316
Rose bugs and the crops, 51 68 220
Root crops, field culture of, 156; mixing at the, 187 227 228 243; of the evil, where, 323

—S—

Salt for stock, 11 27 36 44 45 67; as manure, 300 308 316 335; for plum trees, 291; will it ever cure them, 276
Saltpetre for manure, 140
Saw-dust for manure, 140
Season of 1849, retrospect of, 300
Seed corn, 92
Seedlings, transplanting, 236
Seeds and thin sowing, 188
Self-renovation, 44
Sheep Husbandry, 220 252 276 284 308; Bingham's imported, 195; Merino, 35 131 267; New Oxford, 227; Western's, Lord, 115 131; old breed, 75; proportioned to land, 220; poisoned by salt, 267; South Downand Leicester, 355; rot, foot in, 139; salting of, 292; stretches in, 415; wool, fine versus course, 284 387; washing, 148 156 220 252
Short horned bull, 67
Small furrows, 356
Soap making, 54
Sod ground, management of, 259
Soils, poor, 244 243 268; to analyze, 236; artificial, 251 324; poisonous, 91 115; improvement of, 328; to manure, and not the crop, 235
Spaying Cows, 387
State House meetings, 20 28 44 52 60 68 84 92 100 116 124 132
Steam, application of to agriculture, 379
Stock raising, 36 43 99 180 323
Strawberry, Hovey's seedling, 187
Striped bug, to destroy, 92
Subsoils, poisonous, 35; ploughing, 347
Sullivan Co. Ag. Soc., 348
Sulphur and charcoal for swine, 60
Summer fallowing, 292
Surface, to pave, 299

—T—

Tanks for rain water, 260
Telescope, water, 235
Thistle, the Canada, 171
Thorns, 172
Threshing, expeditious, 172
Timber, proper time for cutting, 332
Tobacco as manure, 59
Top-dressing, 99 140 147 171 179; and under, 228
Trees, to remove, 163; boring, 156; of America, 315; trimming, 299; rot in, 364
Turkies and Ducks, 308
Turnips, cattle feed, 116 139; culture, 403

—V—

Vegetation, invisible causes on, 147
Vermont hay and timber, 67
Vermin on poultry, 4 24
Villa, design for, 171
Vinegar making, 92

—W—

Wall building, 331
Warts, bloody, on horses, 195
Water pipes, 347 353; cement for, 3 82; for stock, 245
Weeds, destruction of, 235
Weevil and potatoe rot, absence of, 284
Wheat, culture of, 131 139 155
Wire Fence, 276; Col. Capron's, 235 236; Wickersham's, 139; worm, 171
Wool, fine, 276
Worm, the canker, 316; and caterpillar, to prevent, 116
World, population of, 363

—Y—

Years, unfruitful, 156
Yield, great, 292
Yorkshire Cow, improved, 91

ARTS AND SCIENCES.

—A—

Accountant's and book-keeper's invention, 162
Aerial machine, 18
American printing press in France, 346
Apparatus to prevent Railroad collisions, 146
Atmospheric Mail Telegraph, 74

—B—

Balloon Railroad, 74
Bedstead, sick room, 138
Biscuit, hot air hexagonal, 362
Blind, instrument to assist, 170
Break for vehicles, 202
Bran duster machine, 322
Brand and case, patent, 219
Brick machine, 370
Brick and mortar, to raise, 154
Bricks, ventilating, 314
Bridge, self-sustaining, 90; suspension, 354
Bridle, safety, 34
Building, new mode of, 362
Butter, how to pack, 178

—C—

Carriage, a one-wheeled, 178
Carving by machinery, 18 114
Cement, marble, 362
Chronograph, electro, 402
Cloth, new material for, 34; folding, 379
Coating for Telegraph wires, 74
Cooking apparatus, new, 10
Cop Spinner, Dodge's, 226
Cotton for shoes, 10; manufacture, 162; gin saw filer, 122
Counterfeiting, protection against, 322

—D—

Discovery in Electricity, 226

—E—

Engine, rotary, 162; new steam and water, 298; of the Times newspaper, 290; fire, improved, 410
Envelopes, manufacture of, 252

—F—

Fire annihilator, 136 370
Flour barrel manufactory, 114; chest and packer combined, 10; Mill's separator and cleanser, 242
Force pump, new, 130
French cement, 339
Fresh water maker, 162
Fuel, a new article of, 370
Furnace, Prouty & Mears' improved, 331

—G—

Gas light monitor, 122
Gold washer, Bruce's, 106
Gun casting, 338; new, 370
Gutta percha tubing, 298; new application of, 202

—H—

Hanks's hot air furnace, 379
Horizontal and vertical drilling machine, 56
Horse power, improved, 178
Hot-air furnace, Prouty & Co.'s, 283
Hubs, new carriage, 314
Hydraulic cement, 26; ram engine, 107

—I—

Indicator, leeway, 410
Invention, a bed cooler, 354; for illuminating doorways, 298
Iron bridge, 314; cinder roads, 290; new uses for, 130

—K—

Key, ingenious for lock, 362; and Flock, 18
Kettle, a mammoth, 362

—L—

Ladies' invention for cradle, 154
Lantern, new mining, 106
Lead pipe, Cornell's patent, 330
Life boat, novel, 34; preserver, 403
Locomotion, new plan for, 130; novel, 194
Locomotive, aerial, started, 106
Loom, improved, 258

—M—

Machine to dissipate smoke, 202; cleansing, 98; flax spinning, 122; mowing, 45; for cutting hides, 66; mortising, 130
Marine propulsion, 218
Mechanics, a new thing in, 138
Microscope, improvement on, 146
Morse's Telegraph eclipsed, 114

—N—

Nail machine, 410
Nautical invention, important, 194
Norton & Cottle's saw set, 74
Nautilus life-boat cylinders, 154

—O—

Ox shoeing machine, 99

—P—

Paddle wheel, improved, 322
Painter's sanding machine, 260
Paper splitting, 34
Petrified oil paint, 178
Piano, new, 146
Porcelain, electro-printing process on, 218
Press for printing wrappers, 218; improved press, 402
Propeller, new, 378
Pulley, the, 316
Pump, improved power, 330

—R—

Railroads, improvements on, 24; switch, improved, 242 330; engines, improvement on, 98; smoke gun, 242
Razor grinding, 66
Ribbon wearing, 226
Rifle, a new, 378
Road scraper, improved, 34 370
Rocking chair, improved, 242

—S—

Salt as a manure, 300
Screw wrench and hammer, 122
Sewing machine, Bradshaw's, 170 74
Ship apparatus, improvement on, 282
Shot, new mode of making, 202
Skate, improved, 34 410
Scoonster, the, 314
Smoky chimneys, to cure, 82
Speaking trumpet, a long, 82
Steam engine, novel, 66; to stop suddenly, 146; boilers collapse, to prevent, 282; regulator, 178; boat, the monster, 18
Steel, manufacture of, 346; conversion into iron, 354; Pens, improvement on, 34
Steel-yard, improved, 254
Stores, iron-faced, 362
Stove, portable air-heating, 154

—T—

Telegraph, 330; domestic, 314; nautical, 162; optical, 242; plough, 410
Telescope, Norwegian water, 194 338
Tourniquet, new, 202
Tooth key, revolving, 298
Traveller's bed or cushion, 10
Types, copper, 290
Typographer, Eddy's, 330

—U—

Umbrella, alpacca, 18

—V—

Ventilation, discovery in, 338
Vessels, new mode of constructing, 18

—W—

Wagon spring, 346; Delaware, 10; without a king bolt, 354
Washing, new mode of, 154
Water valve, 82; gate for canal locks, 170; to preserve, 314
Weather strip for door, 122
Weaving machine, new, 82
Wheel, new paddle, 354
Wind mill, Page's self-adjusting, 346

—Y—

Yea and nay machine, 114
